

A COLORFUL AND ENTERTAINING WORLD

Built on a widebody platform, **THE WIZARD OF OZ™** Pinball Machine is loaded with action on three playfields! Follow the *Yellow Brick Road™* through the main playfield, thematically split down the middle by the movie's theme of good vs. evil.

Rescue *Dorothy™* from the Castle of the *Wicked Witch of the West™*, spin the House through the Twister and visit the odd and colorful Munchkinland. You're definitely not in Kansas any more!

A NEW CLASSIC

THE WIZARD OF OZ™ Pinball Machine by Jersey Jack Pinball Inc., brings Pinball into the 21st century with a classic movie theme from Hollywood's Golden Era.

For the first time in pinball history, *The Wizard of Oz™* Pinball Machine includes a 26" HD LCD monitor which will immerse the player and spectators with scenes from the movie, display player scores with a unique "dashboard" approach, an ever-changing animated backglass, and an easy-to-navigate Diagnostic Menu.
